

# EPIDEMIC DANGERS PASSED BY PUEBLO

Water Plant Is Functioning, and Light and Heat Plants to Resume Within Short Time.

PUEBLO, Colo., June 8 (Associated Press).—Danger of pestilence following last Friday's disastrous flood has passed, according to officials of the United States Public Health Service. There is plenty of food. Shelter has been provided in a refuge camp to remove the congestion in churches, schools and private homes, and an army of men has been at work clearing the streets of debris, removing dead animals and clearing out the business places.

Part of the city is again electrically lighted. The gas company has preparations nearly complete for supplying gas for heat and light. The city water plant is functioning and to-day a water purifier will prepare for human consumption 5,000,000 gallons of water daily.
